

Faith is a Team Sport | Discussing Race With John Pope
June 7 | Matt Anderson

WARM UP

1. What surprised you from John Pope's life experience?
2. Discuss the changes that Pastor Matt and John spoke about for addressing the issues of race.

DIG IN

3. Do you believe racism is caused primarily by unjust laws, poor enforcement of laws, or by the prejudice on the individual level?
4. John talked about the bridge that faith can build in this area, citing the example of black protesters protecting white policemen. How pivotal is faith in Christ for dealing with racism and political division? What is the best we can hope for without it?

WRAP UP

6. Do you have meaningful friendships with people of different racial backgrounds? If so, talk to them this week to exchange perspectives, hopes, fears, and prayer requests. If not, would you prayerfully consider seeking to develop at least one friendship with a person of a different ethnicity?
