

## *Moving Monsters | Good Crowd + Good Report*

October 30 | Matt Anderson

### **SEMESTER WEEK 6 FOCUS: OUR GROUPS MISSION**

As Groups grow relationally and spiritually, they are ready to move in the direction of God's mission together. As a Group, Discuss these 2 options for missional activities, with the goal of deciding which option seem like the best fit for your group this semester.

1. ***Service Outing***: Look over the list of community organizations we provide (or choose one you are familiar with) that would welcome you as volunteers. Talk and pray about these to see if your group feels called to serve together before the semester ends. If you have kids in your group, you may look for one in which you can all serve together.
2. ***Plan an open gathering***. An open gathering is simply a social gathering a Group can plan in order to welcome outside friends who may be glad to meet the members of your group, and possibly open to joining you down the road. You can get creative and fun this event as a group (see Open Gathering on page 9 of your Leader's Training Manual).

### **WARM UP QUESTIONS**

1. Have you ever had an "enemy"?
2. What stood out to you in this week's message?

### **DIG INTO IT!**

3. Pick someone who loves to read with drama and passion to read Numbers 13:27-33 and Numbers 14:1-9. Why do Joshua & Caleb bring such a different report than the other 10 spies?
4. How did Pastor Matt define a "bad report," and what do they cause us to do?
5. Why wasn't a "good report" enough? Why did the bad report win?

### **WRAP UP**

6. Do you identify more with Joshua & Caleb or the other ten spies?
7. Please review our new ***Vision 2024*** webpage as a group: [SurpriseChurch.com/vision2024](https://SurpriseChurch.com/vision2024)  
>How do you feel about this vision? Any questions or ideas?  
>How these bold goals embody the bold faith of Joshua and Caleb?
