

## *You Wish | Circles*

December 4 | Matt Anderson

### **SEMESTER INTERIM**

Our next Community Groups semester starts in late January, so let us know if you'd like to check out the options or join a group. We also have a new program called Campfire Community Groups, which are designed to help people in distant cities start a group and use our video and discussion content to grow and connect with others.

### **WARM UP QUESTIONS**

1. What was your favorite Christmas tradition growing up?
2. What stood out to you in this week's message?

### **DIG INTO IT!**

3. Why is it tempting to think that time or effort will remove our issues?
4. How can we explain why Noah's flood and all of the victorious moments in the life of Israel were unsuccessful in "improving" humanity? Did God fail? Was he allowing them to learn? Was he preparing them for the real solution?
5. Read Jeremiah 32:36-38. What was God's longer-term plan for his people?
6. Matthew 1:28 explains how God would make this plan a reality and break the never-ending cycle of human failure. But how is this the solution if we still struggle and fail?

### **WRAP UP**

6. Is there a cycle in your life that you'd like God to break?

**Series: *You Wish***
